

Parmer and Sons, LLC. - COVID-19 Update

The health and safety of our clients and employees is our highest priority. In response to the public health situation related to coronavirus (COVID-19), we are diligently monitoring updates from the medical professionals to ensure we are taking the necessary precautions to ensure your health and safety.

Practicing Good Hygiene Etiquette

Our staff are encouraged to follow preventative safety measures, including the following:

- Cleaning our hands with soap often, for at least 20 seconds.
- Using hand sanitizer, when available.
- Keeping a safe distance from others, even if they are not displaying symptoms.
- Cleaning frequently touched surfaces with sanitizing wipes that are provided and available on all job sites.
- Staying home when sick.
- Using masks as needed, or required by our clients.

Keeping Our Customers Safe

- Before entering a customer's home or property, we will communicate that we're healthy and ask if our customer is as well.
- Instead of shaking hands we will greet each other verbally without any contact.
- If preferred, our employees will wear booties to limit any other outside contaminants.

Questions or Concerns?

- Let us know in advance of your appointment if you have any concerns or if you would like us to take special precautions.
- Inform us if anyone in the household has health issues, like the flu or a cold.
- Let us know if you would like us to limit the amount of information we leave behind, and we can make adjustments or email information instead.

If you would like more information on the latest news to help prevent the spread of COVID-19 in your everyday practices, please visit [CDC.gov](https://www.cdc.gov) or [Coronavirus.gov](https://www.coronavirus.gov) for daily updates.

Thank you for you for trusting Parmer and Sons, LLC to be your preferred painter of choice. We will continue to provide exemplary service, while keeping your comfort and safety at the forefront of our services.
